40 Years of the MPSAA in 2025

Dear Many Point Staff Alumni and Friends,

As we wrap up another incredible year, we're thrilled to share highlights from our latest newsletter and exciting updates about 2025—a milestone year as we celebrate the 40th Anniversary of the Many Point Staff Alumni Association (MPSAA).

Upcoming Events: Save the Dates!

- Winter Warm-Up: Join us on January 28th at Sundance Bowl in Maple Grove. Let's kick off the year with bowling, pizza, and happy hour fun!
- Spring Fling: We're working through some location possibilities, and will announce the date and location soon. It will be either April 19th or April 26th.
- Fall Campout: Return to Many Point Scout Camp from August 22–24 for BBQ, campfires, tours, music, and more!

40th Anniversary Celebration

2025 marks four decades of the MPSAA, a testament to the incredible support and dedication of our alumni. To commemorate, we're launching a Special Edition Patch Design Contest. Get creative and submit your designs by February 20th for a chance to make history! We'll also be celebrating all year at our events.

Exciting Updates

- MPSAA Online Store: Stock up on Many Point gear through our online store—open until December 29th! Don't miss out. [Shop Now.](#)

This past year, we supported Many Point by providing new sailboats, enriching scout programs, and growing the Heritage Fund to ensure the camp's future. None of this would be possible without your contributions.

A heartfelt thank you to every alumnus, donor, and volunteer who

continues to embody the spirit of Many Point. Your passion drives our success, and I am proud to serve this vibrant community.

Cheers to another remarkable year of fellowship and memories. We look forward to seeing you all at these upcoming events as we celebrate what makes Many Point extraordinary!

Yours in Scouting,
Mike Kuklok
President, Many Point Staff Alumni Association

"A culture of strength is forged through resilience, transforming broken bridges into lasting symbols of unity, hope, and unwavering determination." Keep building bridges.

Where is Gary Gernbacher

a meeting with Chuck Fisher

Gary worked at Many Point as a CIT in 1969, started in Ten Chiefs as a program counselor in 1970 and continued working at Many Point until 1975 as a Pioneer program director. While attending Augsburg College focusing on a business degree Gary worked part time at the County Seat, a clothing store and earned the role as manager of a store for five years as he put his college efforts on hold. He returned to college, earned his degree and started teaching business for 17 years at Hennepin Technical College.

Gary brought real life experience to teaching business. As manager he had to work with people – customers, staff, and his regional managers. He understood business

and could share that wisdom with his students. During his time at County Seat and as a teacher of business technology was entering the business world – and far more than simple spreadsheets. QuickBooks was entering the business world and Gary states it was akin to the “wild west”! Everyone was buying the program and anxious to learn how to get the most out of it! Gary started training people on QuickBooks. He joined the QuickBooks rodeo and hung on for the ride!

He gave traveling seminars. His area included the US and Canada. Teaching in Canada he would start in Vancouver and continued east “until they spoke French.” The United Kingdom used the same QuickBooks as Canada. They needed to know

Gary with his grandchildren.

how to use it too, so he trained there as well. He worked that territory for 4-5 years. In time QuickBooks decided the “wild west” west needed taming and wanted to license which company could give the seminars – Gary’s was not selected – but he approached the company that was chosen, and that company “hired” Gary and gave him a chance to buy into the company! Gary is still part owner of the company that hired him.

For twenty years Gary traveled the United States giving two-day seminars. He would leave home on Sunday night and return home on Thursday nights – if the flights worked! He would get one week off a month – if it all worked out! He loved the interaction with the people at the seminars. If you knew Gary from camp you remember how he was quick witted and his ever-engaging charm. He had a way of putting people at ease and generating laughter. Gary was always the “king of quick comments”! The interaction gave Gary energy and motivation. He has been to every major city in America and most of Canada. That all changed with

COVID.

Seminars became online events and the jokes that worked in person were not the same online. There was simply not the connection that he enjoyed with in person seminars. In his words “there was zero interaction.” Missing the energy derived from a live audience - Gary decided to retire.

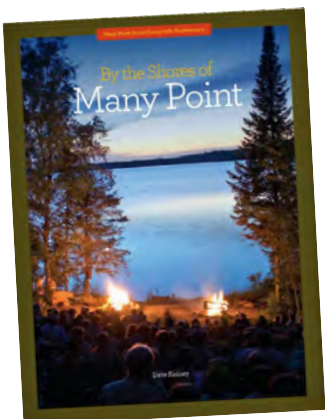

Prior to retirement Gary had two incredible trips with his best friend Tom Holden. On the first trip (1980) he and Tom traveled to Alaska and spent two weeks camping out – in tents, fishing and exploring. They were brought in by a float plane, so they were in the middle of nowhere – except for grizzly’s (“ever skin griz pilgrim!?”) and BIG brown bear. The bears were hunting for salmon just as Gary and Tom were. Bears were walking through their campsite and fishing in the same river(s) that Gary and Tom were fishing! It was wild! So wild they returned for THREE weeks in 1983 and went on a canoe trip above the Arctic Circle!! They saw no people for three weeks and again lived in a tent. This was Scouting to the max!

Gary notes that time at Many Point gave him tremendous self-confidence. He learned how to interact with all types and all ages of people. It taught him about living outside – and loving it. From Many Point he made lifelong friends that even when apart for long periods – when together it is like they never left each other. After being at a Pioneer reunion Gary noted, " After almost 50 years of not seeing each other, you may not immediately recognize someone but after being together for a short time “it is like you were never apart”!

Gary has three children (Jeff, Jack and Maggie) and he gets emotional every time he talks about his six grandchildren! Five grandsons and one granddaughter. All live in Minnesota and if he cannot be with his children or grandchildren for a period, he loves Facetime! Missing the crowd interaction, Gary became a part time BINGO caller at a local casino and loves the interaction that provides.

Gary is pleased with his life and what he has done. He has no regrets!

- Chuck Fisher

Many Point History Book

Another set of History Books has been printed and are available. It’s a great gift and keepsake that tell the story of Many Point.

Email manypoint@norternstar.org for purchase.

2024 Camping Season of Success

As 2024 draws to a close, we want to take a moment to look back on this past summer and express our heartfelt thanks to everyone who made it truly memorable. From celebrating achievements to building lifelong friendships, this season was one for

Erik Vanderbilt, Vicki Jurek and Danny Mages among the 50 alumni this summer.

the books!

Our theme, "More in 2024," set the tone for an action-packed season. Many Point became a hive of activity and innovation. We introduced an additional merit badge session, giving scouts more opportunities for advancement. Family Camp also welcomed a brand-new playground, a generous gift from past campers honoring their son. The newly transformed Many Point Training Center hosted 24 Counselors-in-Training (C.I.T.s) and 119 adult leaders, who participated in the Introduction to Outdoor Leadership Skills Training. And with the return of All Things Aquatics, six scouts took part in this specialized program. Thanks to support from the MPSAA, we also added two sleek new sailboats to our fleet.

The numbers reflect our community's strength and commitment: Many Point hosted 2,757 scouts, 959 adult leaders, 679

Family Campers, 105 staff, 24 C.I.T.s, and over 50 alumni who returned to lend a hand.

But the story doesn't end here. We're already excited for 2025! Next summer, Many Point will expand its STEM offerings with a Robotics Outpost program, allowing scouts to dive into robotics and other STEM fields. New merit badges will include Sustainability, Pulp and Paper, Textiles, and Automotive Maintenance – providing even more ways to explore and grow.

A huge thank you to each one of you for your support, whether you're still on staff, cheering from afar, or helping wherever you can. Many Point is the vibrant community it is because of all of you.

We can't wait to see you all back in 2025 at Many Point Scout Camp!

Heritage Fund Update— Opportunities for End of Year Giving

The Many Point Heritage Fund continues to grow and is now generating almost \$15,000 interest income back to the principal. So far, in 2024 we've had 44 donations adding over \$9,000 bringing our current endowment cash balance to just under \$219,000. Since inception there have been 111 donation events, and we now have "sustaining" donors giving scheduled monthly gifts. Estimated estate commitments continue at the \$2 million level. We are well on our way to our initial \$10 million dollar goal!

This past summer we continued to share the Heritage Fund story with scouts & scouters through posters and fund updates shared at the scoutmaster dinners. The simple message continues to be that everyone can participate in protecting and expanding the future of camp, and that camp will be forever grateful.

In the weeks & months to come, we will ask donors to share their own "HERITAGE STORY" when they give so that everyone can appreciate all the ways Many Point has enriched lives. What's your Heritage Story?

Now, as we move into the season of yearend giving, please join me in making a tax-deductible gift by visiting <https://mpalumni.org/heritagefund/> or by scanning the code below, and selecting, Many Point Heritage Fund in the gift designation dropdown.

HERITAGE

Always Afloat
Never Adrift
Well Prepared

The Many Point Heritage Fund is part of Northern Star Scouting's Make Your Mark endowment campaign to secure long-term funding for camp improvement and maintenance, outreach to at-risk children, and delivery of life-changing programs.

PLEASE JOIN US >

Where is Al Thomas

a meeting with Chuck Fisher

Al Thomas is an Eagle Scout and the recipient of the prestigious Hornaday Award. It is by no accident that he started his Many Point career in the Conservation Center. From there he moved his way through different positions ending as a camp director at Buckskin – for two years. As the Buckskin director, Al was the first camp director to hire a woman (Jo Benson) in program. Jo did a great job and other woman followed in other camps. After Many Point Al became a professional Scouter! As a professional Scouter he was assigned to return to Many Point. – as the business manager. He served in that role for two years and he earned a degree in accounting while working as a Scouter!

In 1985, Al left Scouting and went to work for Merrill-Lynch helping people to reach their financial goals. In time he moved to Dean Whittaker to further his career in helping others with their investments. Now please understand Al loves wildlife and in fact his first degree was in biology! In 2001 Al left the world of finance and became the director of Water Fowl Development. By 2005 Al was the director of Turn in Poachers (TIPS)! In 2009 Al returned to finance as a Business Specialist for Wells Fargo and in 2015 became a Senior Health Care Advisor for Optum United Health. There is a

theme emerging here and that is Al likes to help people and causes in which he believes. This is also evident in his volunteer work!

Al was an Eden Prairie volunteer police officer for ten years. He served on the Minnetonka Planning Commission, the Park Board Planning Commission and was on the Minnetonka City Council for twelve years. I cannot imagine what it takes to run for an office in Minnetonka with such a diverse population. It must have been staggering to try and balance all of the different individual needs! Way to go, Al

When asked about the variety of jobs and volunteer work Al responded that he like the variety. As an observer it appears obvious that Al cares about others. His different roles reflect his interest. His father was a game warden, and Al continues his deep interest in fish, wildlife and the out of doors. Al wants to make a different. He

cares about others. He still does!

In retirement Al bought forest land close to Lake of the Woods where he can fish, hunt, watch nature and just enjoy life! Al's service to others has not ended. Al volunteers to drive people from his area to medical appointments that could be in Fargo, Grand Forks or wherever! He volunteers with the Minnesota DNR Lake of the Woods Fish Advisory Committee and helps by subbing in the Warroad High School and Lake of the Woods School.

Al has a son and daughter, but the best part is – he has three grandchildren! The eleven-year-old grandson was with Al as the grandson harvested a doe with a 173 yard shot during the youth start to hunting, and got three grouse the next day. Plus, the grandson won the meat raffle when they went out to eat!

Al recognizes that Many Point prepared him for life. He learned how to swim and that gave him confidence – especially as he had to qualify for water rescue when

Al Thomas was a volunteer police officer for Eden Prairie.

working with the police department. Many Point revealed that Al liked to help people succeed and that he liked working for a cause! As all readers know working at Many Point is great laboratory through which to hone people skills. Al felt that as a business manager at Many Point he found an interest in accounting and numbers. Furthermore, the camp offered friendships that have endured a lifetime.

Al's grandchildren.

Al has given back to society and worked to make it a better place by helping people to reach their goals and by helping to preserve parts of

nature for future generations. It must be heartening to see his grandson enjoy the fruits of his labor and to embrace the same passions as Al's passions for life.

Thanks for making the word better, Al! You are Scoutriffic!

- Chuck Fisher

Give Your Teens the Many Point Experience

Many Point invites your teens to carry on your legacy through the Counselor in Training (CIT) Program at Many Point Scout Camp! This program shapes future leaders while immersing participants in the unforgettable Many Point experience.

CIT Program Overview

For teens aged 15+, the five-week CIT program offers hands-on training, leadership development, and insight into camp staff life. Participants will:

- Live and work with experienced staff.
- Build leadership skills and gain camp operations

experience.

- Work on BSA Lifeguard and merit badge advancements.
- Enjoy meals, lodging, and training—at no extra cost beyond the program fee.

2024 CIT Sessions:

- Session 1: June 15 – July 19, 2025
- Session 2: July 13 – August 16, 2024

The program fee is \$125 (\$75 due at registration; balance by June 1). Limited to 20 participants per session—register early!

Family Camp CIT Program

This two-week option focuses on family camping operations and leadership development. Ideal for aspiring leaders, the program costs \$50, payable at registration.

Why Many Point?

Help your teens connect with their heritage, gain valuable skills, and create lifelong memories. The CIT program continues the Many Point legacy and prepares tomorrow's camp leaders.

For details, email manypoint@northernstar.org.

Helping Staff with their Careers

We are thrilled to announce the upcoming launch of our Mentorship Program, designed to bridge the gap between education and professional experience for aspiring individuals. Being a camp staffer is a job that most wish we could do for life, however the “real-world” creeps up fast. This program is focused on supporting our current staff and alumni to meet their dreams and goals in their future professional careers. It will provide invaluable insights from Alumni, and professional connections that will help them thrive..

Program Overview:

Our program will pair participants with experienced mentors after a quick google survey. We will then provide the mentor and mentee a line of communication. These mentors will offer guidance, share their expertise, and support mentees in their endeavors. By fostering a collaborative learning environment, we aim to enhance our participants, preparing them for successful careers ahead. One aspect is by breaking down the multitude of skills we have subconsciously learned and benefited from our time as Many Point staffers and using them to your advantage in career planning, i.e. time management, attention to detail, effective communication, and critical thinking.

Key Benefits:

Networking Opportunities: Participants will have access to a network of professionals, increasing their chances of landing jobs and internships in the future.

Personal Development: Through one-on-one mentorship, Mentees will receive tailored advice, focusing on both professional and personal growth.

Career Readiness: Our program emphasizes the development of essential skills that employers seek, providing a competitive edge in the job market along with resume building.

Potential for Hands-On Experience: Varying levels of resources may lead to internships. Interns will work on live projects, gaining practical skills and a deeper understanding of many industries.

Getting Involved

If you are interested in participating as a mentor or would like to be mentored, reach out to one of the committee members and they can help connect you with staffers. Be sure to text, voicemail or email with your information.

Get In Touch:

We believe that investing in the next generation is crucial for our Association’s growth and resilience. For more questions or collaborations, please feel free to

reach out to us at:

Meghan Boudreaux

2024-2025 Premium Gift: MPSAA 40th Anniversary Patch Design Contest

Calling All Artists and Alumni:

To celebrate the 40th Anniversary of the Many Point Staff Alumni Association, we are excited to announce the launch of an official Many Point Special Edition Patch Design Contest. This is your chance to leave your mark on Many Point history.

Contest Details

- Submission Deadline: February 20, 2024
- Voting Period: February 21 to February 28, 2024
- Winner Announcement: March 1, 2024

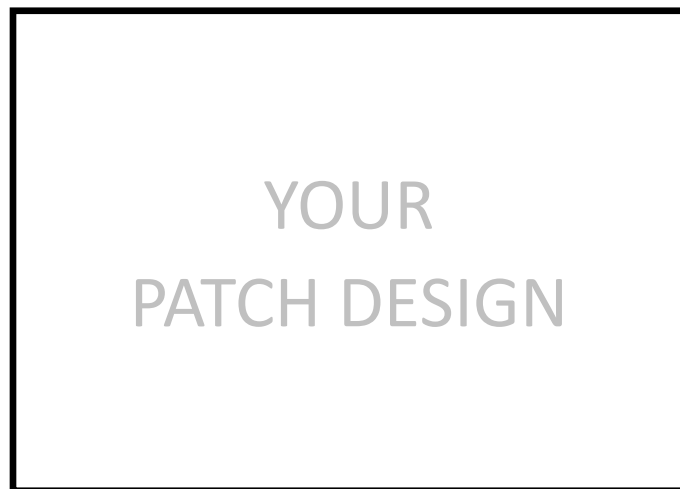

The winning design will become an official special edition Many Point patch, available to alumni and supporters shortly after the contest ends.

How to Participate

Create a unique design that honors the Many Point tradition and the Alumni Association's 40th anniversary.

Submit your design by February 20, 2024. Submission your designs to <https://woobox.com/9o2ran> or you can email your designs to kukl0016@gmail.com.

Cast your vote between February 21 and February 28 for your favorite design. Voting Opens February 21st. The winner will receive bragging rights, a complimentary patch, and a shout-out. Do not miss this opportunity to showcase your creativity and celebrate the incredible legacy of Many Point.

Thanks to Alumni, Many Point upgraded its fleet last summer. Boats are about \$5,000 each. Many Point has asked for more support to continue updating the fleet. For 2025, the MPSAA plans to continue support these efforts to support the incredible adventures Scouts have on Many Point Lake! Gifts of \$40 or more will receive a special edition Many Point patch celebrating the 40th year of the MPSAA.

2025 CONTRIBUTION FORM

Dear Staff Alumni Member,

Thank you for your continued generosity and support of the Alumni Association. It is important for us to keep records current. If any of your information has changed recently, please be so kind to provide us an update. Your contribution this year will allow Many Point to update the Sunfish fleet at camp. Your contribution is much appreciated.
